

YANNICK MUGISHA

Kigali, Rwanda | +250 787 935 762 | yannickmugisha23@gmail.com

Summary

Front-End & Full Stack Developer experienced in building responsive, enterprise-grade applications with React.js, TypeScript, Node.js, and React Native. Proven track record in transforming design mockups into engaging, mobile e-commerce experiences while collaborating with cross-functional teams. Demonstrates expertise in GraphQL integrations, code quality practices, and agile development, consistently delivering measurable improvements.

Education

University of Kigali

BSc, Information Technology

Jan 2023 - Present

Adventist University of Central Africa

BSc, Software Engineering

Nov 2019 - Sep 2022

- **Coursework:** Data Structures, DBMS, Computer Maintenance, Microsoft Office Suite

Solvit Africa / Harambee Bootcamp

Frontend Development & Soft Skills

Jul 2022 - Sep 2022

Professional Experience

Amaly Legacy

Frontend Engineer

Jan 2024 - Present

Remote (Sheridan, WY, UAE)

- Led development of responsive, component-based user interfaces utilizing React.js, Next.js, and Tailwind CSS to build scalable components.
- Collaborated with designers, QA, and project managers to translate design mockups into functional, enterprise-level applications.
- Integrated GraphQL APIs while managing application state using modern libraries to enhance performance.
- Implemented internationalization and accessibility improvements following secure coding best practices.
- Maintained code quality through rigorous version control on Git and regular code reviews.

Sinc

Frontend Engineer

Jan 2023 - Mar 2024

Remote

- Developed a cross-platform mobile app using React Native and Flutter, focusing on performance and responsive design to support mobile e-commerce goals.
- Designed and implemented an intuitive UI by accurately translating wireframes into functional components.
- Optimized the company website using JavaScript and TypeScript to refine responsiveness and user engagement.
- Participated in agile development cycles by conducting thorough code reviews and debugging with Git source control.

Zetalight (SevenX)

Frontend Developer

Sep 2022 - Jan 2024

Kigali

- Redesigned website sections, boosting daily traffic by 90%.
- Improved accessibility and responsiveness to enhance user experience.
- Collaborated in agile teams to streamline development and meet client expectations.

Solvit Africa

Frontend Developer

Jul 2022 - Sep 2022

Kigali

- Reviewed and refined UI/UX designs in collaboration with backend developers.
- Ensured cross-browser and multi-device compatibility.
- Demonstrated technical solutions to clients addressing real-world challenges.

Andela

Full Stack Developer

Dec 2021 - Apr 2022

Kigali

- Developed scalable applications in multiple programming languages.
- Participated in design feedback, code reviews, and application debugging.
- Contributed to agile sprint planning and product iterations.

Technical Skills

- **Frontend:** React.js, React Native, Next.js, Angular, Tailwind CSS, JavaScript, TypeScript
- **Backend:** Node.js, GraphQL
- **Databases:** PostgreSQL
- **Tools:** GitHub, Agile, Responsive Design
